I am a Full Stack Developer dedicated to delivering innovative and impactful solutions. With a focus on clean, scalable, and secure code, I excel in both building new systems from the ground up and optimizing existing infrastructures to meet modern demands.

Work Experience

Full Stack Developer intern	Web79	Aug 2023 - Present
Ibadan, Nigeria		
<ul style="list-style-type: none">Collaborated on front-end and back-end projects, improving website responsiveness by 10% through strategic code optimization and performance enhancements.Integrated real-time features using Pusher and WebSockets, significantly enhancing user experience in applications like real-time dashboards and live notifications, ensuring instant data updates without page refreshes.Mentored junior developers, boosting team productivity by 15% and promoting a culture of continuous learning, particularly in website design, database management, and performance optimization.Increased user engagement by designing and implementing intuitive UI elements that enhanced overall user interactions.		

Library Assistant	2 Div Nigerian Army, Adekunle Fajuyi Cantonment	May 2023 – April
2024 (NYSC) Ibadan, Nigeria		
<ul style="list-style-type: none">Spearheaded user support protocols, reducing information retrieval time by 25% through the introduction of efficient procedures.Implemented an innovative library management system, streamlining cataloging processes and reducing errors by 20% increasing overall accuracy.Developed and implemented inventory control measures, reducing misplaced or lost materials and ensuring all resources were available when needed.Collaborated with different departments to ensure the library's resources aligned with the specific needs of military personnel, including reference materials for ongoing training programs.		

Technologies and Languages

- | | |
|-----------------------|--|
| • Backend Languages: | PHP, Node JS. |
| • Frontend Languages: | React JS, Bootstrap, Tailwind CSS |
| • Technologies: | MySQL, Postgres, WordPress, WooCommerce. |
| • Other: | AWS, Git & GitHub. |

Education and Certifications

- **B.Sc. Educational Technology**, University of Ilorin, Kwara state, Nigeria.

2017– 2022

Projects

1. E-commerce Website Development.

- **Description:** Developed a fully functional e-commerce website from scratch, implementing a robust backend with PHP and MySQL for product catalog management, order processing, and user authentication.
- **Key Technologies:** HTML, CSS, JavaScript, React js, PHP, MySQL, Bootstrap.
- **Highlights:** Integrated real-time inventory updates, optimized the website's responsiveness, and improved site performance by 10%.

2. Healthcare Support Worker Dashboard.

- **Description:** Collaborated on a dashboard project aimed at tracking patient information and healthcare support activities for a medical organization.
- **Key Technologies:** PHP, MySQL, JavaScript.
- **Highlights:** Improved patient data handling efficiency and enhanced user engagement through an intuitive interface.

3. Split-Screen Portfolio with Dark Mode & Carousel.

- **Description:** Developed a split-screen portfolio site with a modern design, incorporating a dark mode toggle and a project carousel for enhanced interactivity.
- **Key Technologies:** HTML, CSS, JavaScript.
- **Highlights:** Created custom illustrations and unique color palettes to enhance the user experience while ensuring that the existing codebase was not affected.

4. Task Management Tool Design.

- **Description:** Designed and developed a task management tool to help teams and individuals track their daily tasks, set priorities, and meet deadlines efficiently. The tool featured task assignment, due date tracking, and status updates, allowing for streamlined project management and collaboration.
- **Key Technologies:** JavaScript, PHP, MySQL, HTML/CSS, Bootstrap.
- **Highlights:** Integrated a notification system that alerted users of upcoming deadlines and status changes

Certifications and Courses

- **Web Development Bootcamp – School of Management and Innovation**
- **Virtual Assistant Program - ALX**
- **Data Analytics - Skillup by Simplilearn**

Skills

- Leadership & Admin skills
 - User Interface Design
 - Public Speaking Skills
 - Critical thinking & Problem-solving skills
 - Time Management
 - Cross Browser Compatibility, Responsive Designs
